About Ryanair

Ryanair was Europe's original low fares airline and is still Europe's largest low fares carrier. In the current year Ryanair will carry over 35m. passengers on 346 low fare routes across 22 European countries. They have 15 European bases and a fleet of over 100 brand new Boeing 737-800 aircraft, with firm orders for a further 138 new aircraft, which will be delivered over the next six years. These additional aircraft will allow Ryanair to double in size to over 70m. passengers p.a. by 2012. Ryanair currently employs a team of 3,500 people, comprising over 25 different nationalities.

The Requirement

Ryanair is committed to expanding their European routes and bringing low air fares for the first time to new European markets. Communications need to be fast and efficient. Faxing is an integral part of obtaining customer specifications and providing information quickly and reliably.

The Solution: Zetafax

Ryanair wanted to centralise fax communication on a single server. The software had to integrate seamlessly with existing operating systems and applications.

The Benefits

Zetafax has helped reduce costs, increase productivity. Traditionally sending a fax via a conventional fax machine took up to five minutes, but sending a fax using Zetafax will take just one minute. That's an 80% time saving and that translates to a considerable cost saving.

Staff at Ryanair can prepare documents in their favourite software application (such as Word, Excel, and PowerPoint) hit the send Zetafax button and the faxes are on their way.

Furthermore multidoc faxing, allows the contracts department to fax multiple documents from different applications as a single fax message. Documents and brochures sent regularly can be stored as fax attachments saving even more preparation time. As Ryanair continues to grow and
